CITROËN C4 CACTUS
During the 90s Le Tone had a major hit, “Joli Dragon”, and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou Centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

CITROËN revolutionised the automotive landscape with the Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

CITROËN’S RETURN TO THE WORLD OF RALLY IN PICTURES.

Discover the models that make up CITROËN’s extraordinary history, from 1919 to the present day.

1934
CITROËN revolutionises the automotive landscape with the Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1919
CITROËN launches the Type A, a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1939
CITROËN launches the ‘TUB’, a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948
The much-loved 2CV is created as a “safe and economical vehicle, able to carry 4 people on board and 50 kg of luggage”. More than 5 million are made.

1968
It’s a golden age for light and agile vehicles like the Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1974
The 70s and 80s see CITROËN technology triumph, with models such as the AX, BX, CX and advanced XM, a prestigious vehicle equipped with Hydractive suspension.

1993 to 1997
Winners of the Manufacturers’ Rally Raid World Cup from 1993 to 1997, Rally Raid World Cup Drivers’ Champion five times in a row, eight Manufacturers’ Champion titles in WRC plus three in WTCC, CITROËN has continued to demonstrate exceptional sports pedigree upon returning to WRC in 2017.

2014
CITROËN C4 CACTUS is launched, incorporating the innovative AIRBUMP® protection system.

2017
Winners of the Manufacturers’ Rally Raid World Cup from 1993 to 1997, Rally Raid World Cup Drivers’ Champion five times in a row, eight Manufacturers’ Champion titles in WRC plus three in WTCC, CITROËN has continued to demonstrate exceptional sports pedigree upon returning to WRC in 2017.
A CITROËN FOR EVERYONE

From the busy city centre to the open road, every trip will be comfortable and stress-free. CITROËN design and engineering keeps it that way.

SUMMARY

P. 10 – DESIGN
P. 16 – CITROËN ADVANCED COMFORT®
P. 26 – TECHNOLOGY
P. 36 – CITROËN C4 CACTUS ONE TONE
P. 38 – EQUIPMENT
In the busy blur of everyday life, CITROEN C4 CACTUS stands out from the crowd because it’s fresh, innovative and different in every detail. Here’s a new interpretation of crossover, mixing space, comfort, refinement and useful technology with effortless simplicity.

CITROEN C4 CACTUS is no ordinary vehicle; it’s a celebration of unique design.
Airbump® is a prime example of what makes CITROËN C4 CACTUS so refreshingly original. Distinctive, stylish and practical, it fits seamlessly into the sides, protecting your car from everyday knocks and scrapes. The air-filled capsules are made from tough Thermo Plastic Urethane that simply shrug off minor impacts — and unwelcome repair costs. Unique to CITROËN, Airbump® is both head turning and ingenious.
In addition to extra protection, Airbump® also adds more potential for customisation. Available in Black, Stone Grey, Dune and Chocolate, it provides a striking or subtle contrast to your chosen body colour and interior trim. Feel free to make CITROËN C4 CACTUS individually yours.

PERSONALISED PROTECTION
A NEW KIND OF COMFORT
CITROËN ADVANCED COMFORT® delivers unrivalled comfort levels to each passenger. Using new technology and intelligent design, it’s an approach that keeps you relaxed and refreshed in body and mind. In typically CITROËN style, everything that contributes to comfort has been carefully considered and rethought. Four core themes are used to create the perfect driving environment: soft contact points and noise levels, interior space and versatility, intuitive and useful technology and pure, calm comfort all round.
Bright, airy and spacious, the interior of the CITROËN C4 CACTUS welcomes you with a spot on driving position and minimal, fuss-free dashboard. Instead of a multitude of buttons you’ll find a clear, simple digital display that lets you control air-conditioning, music, set nav and phone. Choose the piloted manual Efficient Tronic Gearbox (ETG), with its compact easy to use selector to complete the effortlessly elegant feel.
(1) Even the ETG gear selector is innovative and better to use. The Easy/Push design features a simple, compact switch on the lower dashboard, with D, N, and R modes. The system also gives you steering wheel mounted paddles for effortless manual gear changes.

(2) On some versions, CITROËN C4 CACTUS has a beautifully designed large central armrest. It helps you get into that perfect, comfortable driving position.

(3) With the passenger airbag now located in the roof, there's plenty of room for the spacious Top Box. It's one of many smart storage solutions.

Generous, sofa-style front seats and a relaxed ambiance make the CITROËN C4 CACTUS interior a place to share and enjoy. There are loads of quality details and unique features, such as the leather luggage style door handles and the roomy Top Box. This provides an extra 8.5 litres of storage just where you need it—because the passenger airbag is now housed in the roof. It’s a classic CITROËN innovation and a world first!
Being only 4.16m from nose to tail, CITROËN C4 CACTUS is compact and handles beautifully. Inside, it’s all about innovative space efficiency, with room to relax for everyone. The sofa style front seats and minimalist dashboard design help to create an interior that’s generous, accommodating and very practical. There’s 358 litres of boot space and a 60:40 folding rear seat make this a versatile place for your luggage.
Unique to CITROËN C4 CACTUS, the sweeping panoramic sunroof fills the interior with natural sunlight whilst providing UV protection. In winter conditions it acts as insulation, keeping you snug and warm, and because of its excellent thermal efficiency, there’s no need for sunblinds. This means that the panoramic sunroof is lighter than conventional designs, contributing to fuel economy and efficiency too.
CITROËN C4 CACTUS features a diverse mixture of technology that make life on the move effortless, enjoyable and safe.
A feature of every CITROËN C4 CACTUS is the 7 inch touchscreen interface. This enables you to access all your technology and important equipment.*

* Exact equipment varies between models. Some options are only available as part of a pack. Your dealer can help pinpoint the right version for you.

** Requires a Bluetooth® compatible smartphone.
*** Compatible with Apple products only.

AIR CONDITIONING
Leave the system in automatic and it will maintain your ideal temperature all day long. You can also manually select low, normal and fast modes.

DRIVING AIDS
Safety and convenience features at your fingertips include a reversing camera, Park Assist and programmable cruise control with speed limiter.

MEDIA
Move easily between your audio options and choose between radio, streaming, Bluetooth® and MP3 devices.***

NAVIGATION
Here’s sat nav with added intelligence. Maps include speed limits and the most economical route to your destination.

SETTINGS
An on-board electronic manual contains all the details and settings for your CITROËN C4 CACTUS. Explore it when the vehicle is stopped to personally fine-tune everything.

PHONE
Bluetooth® Handsfree** enables you to make and receive calls safely on the move. The 7 inch touchscreen makes it even easier, going quick, direct access to your address book — you can even add pictures of your contacts.
**SAFETY AND DRIVING AIDS**

**AIRBAG IN ROOF**
Mounting the front passenger airbag in the roof has created room for the 8.5 litre dashboard mounted Top Box. It’s a CITROËN innovation and a world first that simply adds new, perfectly positioned storage.

**HILL START ASSIST**
On inclines of more than 3%, Hill Start Assist automatically holds the car for 2 seconds as you move off. This prevents you rolling backwards when you release the brake pedal and ensures smooth safe hill starts every time.

*Depending on engine choice.

**MAGIC WASH**
More fresh thinking from CITROËN. Magic Wash integrates the washer nozzles into the windscreen wipers rather than on the bonnet. Here they release precisely the right amount of screen wash when activated without wasteful overspray, and use less than half the fluid of a conventional system.

**REVERSING CAMERA**
Sending clear images of the view behind to your 7 inch touchscreen, the reversing camera makes even the trickiest parking manoeuvre accurate and easy.

*Standard on Flair.*

**PARK ASSIST**
Find your parking space then let Park Assist do the hard work. It automatically manoeuvres the car perfectly into place while you simply look after acceleration and braking.

*Available as an option.

**FRONT FOG LIGHTS WITH CORNERING FUNCTION**
As you turn the steering wheel, the front fog lights turn too, lighting up corners and enhancing visibility.

*Standard on Feel and above.*
CITROËN C4 CACTUS makes lightness work for you in so many ways. Every part of its design and construction contribute to low weight, high efficiency and strong performance. On average it's 200kg lighter than equivalent compact hatchbacks, which means that the very latest fuel-efficient engines can be used to deliver extraordinary economy with great drivability. Choose a petrol engine version such as the PureTech 110 manual and you can expect CO2 emissions of just 100g/km. The BlueHDi 100 diesel engine with manual gearbox produces an ultra-low 95g/km CO2, comfortably meeting Euro 6 regulations. It also achieves a class-leading 78.5mpg combined fuel consumption.
ENGINES WITHOUT COMPROMISE

At the heart of every CITROËN C4 CACTUS you’ll find an advanced engine that effortlessly meets the demands for exceptional fuel efficiency, low emissions and sheer driving pleasure. There is simply no compromise. The latest PureTech petrol engines are refined, responsive and economical, whilst cutting edge BlueHDi diesel technology reduces environmental impact further still. A filter removes 99.9% of harmful exhaust particles, whilst the catalyst cuts 90% of NOx pollution. Both petrol and diesel engines meet the latest Euro 6 standards.

Our PureTech petrol engine was named ‘2017 Engine of the Year’ in its category for the third consecutive year. The engine offers one of the most comfortable driving experiences on the market from walk-in to high speeds. With 120 patents to its name, the three-cylinder Turbo PureTech petrol engine cuts fuel consumption and CO2 emissions by 18% compared to its four-cylinder petrol predecessor. The engine holds two fuel economy records.

Combine the inherent lightness of CITROËN C4 CACTUS with ingenious new engines and the results are clear: emissions as low as 95g/km.

CITROËN C4 CACTUS achieves a class-leading 78.5mpg combined fuel consumption.

The PureTech 110 is a strong performer: 0 – 62 mph in just 9.3 seconds.

Every engine option meets the latest Euro 6 requirements, showing down fuel consumption and CO2 emissions.

+ Black interior and Cloth Pack - black leather and cloth with Stone Grey ambiance
+ White rear insert with black ‘Cactus’ lettering (Black insert with white ‘Cactus’ lettering on Polar White, Pearl White and Arctic Steel body colours)
With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• **CITROËN WARRANTY**

Every new CITROËN car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation**, 3 year paint warranty.

• **CITROËN ASSISTANCE**

In response to a free telephone call in the UK, CITROËN Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, CITROËN Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details please contact CITROËN at http://citroen-uk-en.custhelp.com

• **CITROËN MAINTENANCE**

From roadside assistance to replacing wear and tear parts or regular servicing, with CITROËN Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your CITROËN, whatever happens. To find out more, contact your CITROËN Dealer or CITROËN Authorised Repairer.

• **CITROËN SERVICING**

Available up to 1 year from your vehicle’s registration date, but before its first chargeable service, a CITROËN Servicing Package enables you to pay in advance for your vehicle’s servicing needs for 3 years/35,000 miles. For further information, please contact your CITROËN Dealer.

• **CITROËN MOT TEST**

Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of CITROËN Authorised Repairers knows your CITROËN best, so if your vehicle’s MOT Test is due, why not come your local CITROËN Authorised Repairer? Our trained technicians will carry out a free outstanding manufacturer diagnostic test, check for any new technical updates and carry them out for free - that’s the advantage of getting your test done by the people who really know your CITROËN.

* 2 years’ unlimited warranty. No-fee customer option of 1 year’s Dealer provided warranty, only on cars sourced from CITROËN UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

To make choosing straightforward and enjoyable, we’ve worked hard to ensure that the information in this brochure is accurate at the time it was created in October 2017. It’s important to remember that Citroën can introduce changes to the equipment and accessories featured, although these wouldn’t alter the essential character and design of the models. Naturally the images and specifications are also dependent on trim level and any options included.

We know how important it is to present the right facts and figures, so our brochures are regularly updated, however it is important that you consult your dealer when ordering your vehicle to ensure you are advised of the latest specifications and equipment.
